PowerCenter – Install Client

The screenshot shows a web browser window with the URL https://edelivery.oracle.com/EPD/Search/get_form. The browser's address bar and tabs are visible, including "Enterprise Linux", "Linux Technology C...", "Oracle University", and "Feature: Faster Linu...". The page header features the "ORACLE E-Delivery" logo and navigation links for "Logout" and "Oracle Linux". A progress bar at the top indicates the current step is "Search", with "Export Validation" and "Download" as previous and next steps, respectively.

Media Pack Search

Instructions

1. Review the [License List](#) to determine which Product Pack or Packs you need to download.
2. Select the Product Pack and Platform and click "Go".
3. If there is only one result, you will see the download page. If there are multiple results, select one and click "Continue".
